## 1. Identification of the substance/mixture and of the company/undertaking

### 1.1 Product identifier

**Product Name:** Crafter's Choice™ Vanilla Blossom Fragrance Oil

### 1.2 Relevant identified product use

**Intended use:** Compound used in customer substance/mixture/product

### 1.3 Details of the manufacturer/supplier of the safety data sheet

Crafter's Choice Brands, LLC  
7820 E. Pleasant Valley Road  
Independence, Ohio 44131  
Phone: 1-800-908-7028  
www.Crafters-Choice.com

### 1.4 Emergency telephone number

**(800) 255-3924** Domestic USA, Canada, Puerto Rico, and US Virgin Islands

**+1 813 248-0585** International

## 2. Hazards Identification

### 2.1 Classification of the substance or mixture

This mixture has not been tested as a whole. The effects, listed below, are based on evaluation of individual components in accordance with the provisions of the regulation(s) noted below.

#### Classification according to GHS and (EC) No 1272/2008 (CLP)

|                                        |                                                       |
|----------------------------------------|-------------------------------------------------------|
| Acute Toxicity Oral, Category 5        | H303: May be harmful if swallowed                     |
| Acute Toxicity Dermal, Category 5      | H313: May be harmful in contact with skin             |
| Skin Corrosion/Irritation, Category 3  | H316: Causes mild skin irritation                     |
| Sensitization, Skin, Category 1B       | H317: May cause an allergic skin reaction             |
| Eye Damage/Eye Irritation, Category 2A | H319: Causes serious eye irritation                   |
| Acute Toxicity Inhalation, Category 5  | H333: May be harmful if inhaled                       |
| Aquatic Acute Toxicity, Category 1     | H400: Very Toxic to aquatic life                      |
| Aquatic Chronic Toxicity, Category 2   | H411: Toxic to aquatic life with long lasting effects |

#### Classification OSHA (Provisions 1910.1200 of title 29)

|                                 |                                                                                                                                                                                                                                                                                 |
|---------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Flammability                    | Class IIIB Combustible Liquid                                                                                                                                                                                                                                                   |
| Acute Dermal/Eye                | 11 : May cause skin irritation.<br>15 : May cause eye irritation.                                                                                                                                                                                                               |
| Acute Inhalation                | 25 : Inhalation at high levels may cause: tremors, labored breathing, hypothermia, lethargy, ataxia.                                                                                                                                                                            |
| Acute Oral                      | 3 : May be harmful if swallowed .                                                                                                                                                                                                                                               |
| Reproductive/Developmental      | 39 : Causes reproductive/developmental toxicity in animals.                                                                                                                                                                                                                     |
| Sensitization/Allergic Response | 31 : May cause allergic skin reaction.                                                                                                                                                                                                                                          |
| Target Organ Effects            | 26 : Prolonged or repeated ingestion may cause damage to: kidneys, adrenal glands, liver, stomach, brain, tongue, mucous membranes, musculo-skeletal system, male reproductive system.<br>28 : Prolonged or repeated Dermal Exposure may cause damage to: kidneys, skin, testes |

# Safety Data Sheet

## Crafter's Choice™ Vanilla Blossom Fragrance Oil

Page 2 of 8  
2017-09-18

### Carcinogenicity

This mixture contains ingredients identified as carcinogens, at 0.1% or greater, by the following: None [X] ACGIH [ ] IARC [ ] NTP [ ] OSHA [ ]

## 2.2 Label elements

### Labelling (REGULATION (EC) No 1272/2008)

#### Hazard pictograms

#### Signal Word: Warning

#### Hazard statements

|      |                                                 |
|------|-------------------------------------------------|
| H303 | May be harmful if swallowed                     |
| H313 | May be harmful in contact with skin             |
| H316 | Causes mild skin irritation                     |
| H317 | May cause an allergic skin reaction             |
| H319 | Causes serious eye irritation                   |
| H333 | May be harmful if inhaled                       |
| H400 | Very Toxic to aquatic life                      |
| H411 | Toxic to aquatic life with long lasting effects |

#### Precautionary Statements

##### Prevention:

|      |                                                                       |
|------|-----------------------------------------------------------------------|
| P264 | Wash hands thoroughly after handling                                  |
| P272 | Contaminated work clothing should not be allowed out of the workplace |
| P273 | Avoid release to the environment                                      |

##### Response:

|                    |                                                                                                                               |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------|
| P302 + P352        | IF ON SKIN: Wash with soap and water                                                                                          |
| P304 + P312        | IF INHALED: Call a POISON CENTER or doctor/physician if you feel unwell                                                       |
| P305 + P351 + P338 | IF IN EYES: Rinse cautiously with water for several minutes Remove contact lenses if present and easy to do. continue rinsing |
| P312               | Call a POISON CENTER or doctor/physician if you feel unwell                                                                   |
| P333 + P313        | If skin irritation or a rash occurs: Get medical advice/attention                                                             |
| P337 + P313        | If eye irritation persists: Get medical advice/attention                                                                      |
| P363               | Wash contaminated clothing before reuse                                                                                       |
| P391               | Collect Spillage                                                                                                              |

## 2.3 Other Hazards

no data available

## 3. Composition/Information on Ingredients

### 3.1 Mixtures

This product is a complex mixture of ingredients, which contains among others the following substance(s), presenting a health or environmental hazard within the meaning of the UN Globally Harmonized System of Classification and Labeling of Chemicals (GHS):

| CAS#<br>Ingredient | EC# | Conc.<br>Range | GHS Classification | OSHA Classification |
|--------------------|-----|----------------|--------------------|---------------------|
|--------------------|-----|----------------|--------------------|---------------------|

## Crafter's Choice™ Vanilla Blossom Fragrance Oil

Page 4 of 8  
2017-09-18

**Symptoms:** no data available  
**Risks:** Refer to Section 2.2 "Hazard Statements"  
**4.3 Indication of any immediate medical attention and special treatment needed**  
**Treatment:** Refer to Section 2.2 "Response"

### 5. Fire-Fighting measures

#### 5.1 Extinguishing media

**Suitable:** Carbon dioxide (CO<sub>2</sub>), Dry chemical, Foam  
**Unsuitable:** Do not use a direct water jet on burning material

#### 5.2 Special hazards arising from the substance or mixture

**During fire fighting:** Water may be ineffective

#### 5.3 Advice for firefighters

**Further information:** Standard procedure for chemical fires

### 6. Accidental Release Measures

#### 6.1 Personal precautions, protective equipment and emergency procedures

Avoid inhalation and contact with skin and eyes. A self-contained breathing apparatus is recommended in case of a major spill.

#### 6.2 Environmental precautions

Keep away from drains, soil, and surface and groundwater.

#### 6.3 Methods and materials for containment and cleaning up

Clean up spillage promptly. Remove ignition sources. Provide adequate ventilation. Avoid excessive inhalation of vapors. Gross spillages should be contained by use of sand or inert powder and disposed of according to the local regulations.

#### 6.4 Reference to other sections

Not Applicable

### 7. Handling and Storage

#### 7.1 Precautions for safe handling

Apply according to good manufacturing and industrial hygiene practices with proper ventilation. Do not drink, eat or smoke while handling. Respect good personal hygiene.

#### 7.2 Conditions for safe storage, including any incompatibilities

Store in a cool, dry and ventilated area away from heat sources and protected from light in tightly closed original container. Avoid plastic and uncoated metal container. Keep air contact to a minimum.

#### 7.3 Specific end uses

No information available

|-------------------------|---------|----------|---------|----------|
|                         | TWA ppm | STEL ppm | TWA ppm | STEL ppm |
| 140-11-4 Benzyl acetate | 10      |          |         |          |

**Engineering Controls:** Use local exhaust as needed.

### 8.2 Exposure controls - Personal protective equipment

**Eye protection:** Tightly sealed goggles, face shield, or safety glasses with brow guards and side shields, etc. as may be appropriate for the exposure

**Respiratory protection:** Avoid excessive inhalation of concentrated vapors. Apply local ventilation where appropriate.

**Skin protection:** Avoid Skin contact. Use chemically resistant gloves as needed.

## 9. Physical and Chemical Properties

### 9.1 Information on basic physical and chemical properties

|                                    |                                        |
|------------------------------------|----------------------------------------|
| <b>Appearance:</b>                 | Liquid                                 |
| <b>Odor:</b>                       | Conforms to Standard                   |
| <b>Color:</b>                      | Nearly Colorless to Pale Yellow (G0-3) |
| <b>Viscosity:</b>                  | Liquid                                 |
| <b>Freezing Point:</b>             | Not determined                         |
| <b>Boiling Point:</b>              | Not determined                         |
| <b>Melting Point:</b>              | Not determined                         |
| <b>Flashpoint (CCCFP):</b>         | >200 F (93.33 C)                       |
| <b>Auto flammability:</b>          | Not determined                         |
| <b>Explosive Properties:</b>       | None Expected                          |
| <b>Oxidizing properties:</b>       | None Expected                          |
| <b>Vapor Pressure (mmHg@20 C):</b> | 0.0054                                 |
| <b>%VOC:</b>                       | 3.0632                                 |
| <b>Specific Gravity @ 25 C:</b>    | 1.0315                                 |
| <b>Density @ 25 C:</b>             | 1.0285                                 |
| <b>Refractive Index @ 20 C:</b>    | 1.5220                                 |
| <b>Soluble in:</b>                 | Oil                                    |

## 10. Stability and Reactivity

|                                                |                                                    |
|------------------------------------------------|----------------------------------------------------|
| <b>10.1 Reactivity</b>                         | None                                               |
| <b>10.2 Chemical stability</b>                 | Stable                                             |
| <b>10.3 Possibility of hazardous reactions</b> | None known                                         |
| <b>10.4 Conditions to avoid</b>                | None known                                         |
| <b>10.5 Incompatible materials</b>             | Strong oxidizing agents, strong acids, and alkalis |

## 11. Toxicological Information

### 11.1 Toxicological Effects

Acute Toxicity Estimates (ATEs) based on the individual Ingredient Toxicity Data utilizing the "Additivity Formula"

|                                                    |                                                          |
|----------------------------------------------------|----------------------------------------------------------|
| Acute toxicity - Oral - (Rat) mg/kg                | (LD50: 2,481.07) May be harmful if swallowed             |
| Acute toxicity - Dermal - (Rabbit) mg/kg           | (LD50: 4,605.30) May be harmful in contact with skin     |
| Acute toxicity - Inhalation - (Rat) mg/L/4hr       | (LC50: 39.33) May be harmful if inhaled                  |
| Skin corrosion / irritation                        | Causes mild skin irritation                              |
| Serious eye damage / irritation                    | Causes serious eye irritation                            |
| Respiratory sensitization                          | Not classified - the classification criteria are not met |
| Skin sensitization                                 | May cause an allergic skin reaction                      |
| Germ cell mutagenicity                             | Not classified - the classification criteria are not met |
| Carcinogenicity                                    | Not classified - the classification criteria are not met |
| Reproductive toxicity                              | Not classified - the classification criteria are not met |
| Specific target organ toxicity - single exposure   | Not classified - the classification criteria are not met |
| Specific target organ toxicity - repeated exposure | Not classified - the classification criteria are not met |
| Aspiration hazard                                  | Not classified - the classification criteria are not met |

## 12. Ecological Information

### 12.1 Toxicity

|                             |                                                 |
|-----------------------------|-------------------------------------------------|
| Acute aquatic toxicity      | Very Toxic to aquatic life                      |
| Chronic aquatic toxicity    | Toxic to aquatic life with long lasting effects |
| Toxicity Data on soil       | no data available                               |
| Toxicity on other organisms | no data available                               |

12.2 Persistence and degradability      no data available

12.3 Bioaccumulative potential      no data available

12.4 Mobility in soil      no data available

12.5 Other adverse effects      no data available

## 13. Disposal Conditions

### 13.1 Waste treatment methods

Do not allow product to reach sewage systems. Dispose of in accordance with all local and national regulations. Send to a licensed waste management company. The product should not be allowed to enter drains, water courses or the soil. Do not contaminate ponds, waterways or ditches with chemical or used container.
