

Safety Data Sheet

Crafter's Choice™ Cocoa Butter - Chocolate Odor & Natural Color

1. Identification of the substance and manufacturer

1.1	Product name	Crafter's Choice™ Cocoa Butter - Chocolate Odor & Natural Color
1.2	Intended use	Industrial use, which could be used in the manufacturing of products intended for consumers
1.3	Manufacturer/Distributor	Crafter's Choice Brands, LLC 7820 E. Pleasant Valley Road Independence, OH 44131 1-800-908-7028
1.4	Emergency phone number	800) 255-3924 Domestic USA, Canada, Puerto Rico, and Virgin Islands, +1 813 248-0585 International

2. Composition and information on ingredients

Main components	tri-glycerids
Substances presenting a health hazard	none

3. Hazard Identification

This substance does not meet the criteria for classification according to Dangerous Substances Directive 67/548/EEC and Regulation (EC) 1272/2008 on Classification, Labeling and Packaging of Substances and Mixtures.

4. First-aid measures

Inhalation	none
Skin contact	clean with water and soap
Eye contact	flush with distilled water
Ingestion	drink hot water

5. Fire fighting measures

Extinguishing media; Suitable isolation from air by using powder, foam and CO₂
Not to be used: water

6. Accidental release measures

Environmental precautions: if the material has been released into a stream or sewer, inform the proper authorities of the possible presence of solid material

After spillage / leakage on soil: remove mechanically

In water remove mechanically

7. Handling and storage

Technical protective measures:

Handling: no specific danger

Storage: liquid proof separation areas around tanks are recommended to avoid leakage into environment

Storage temperature: ca. 50-60°C (when liquid) or 10-25°C (when solid)

8. Exposure controls and personal protection

Occupational exposure limit	not applicable
-----------------------------	----------------

Personal protection:

Respiratory protection	not applicable
------------------------	----------------

Skin protection	not applicable
-----------------	----------------

Eye protection	not applicable
----------------	----------------

Other personal protection	not applicable
---------------------------	----------------

9. Physical and chemical properties

Appearance	Yellow solid state, transparent yellow in liquid state
Meltingpoint (slip point)	30-34°C
Solubility in water	almost insoluble
Specific weight at 60°C	approximately 0.88 kg/l
Taste	bland

10. Stability and reactivity

Hazardous reactions	stable under normal operating conditions
---------------------	--

11. Toxicological information

Symptoms related to use

Inhalation	non irritant
------------	--------------

Skin contact	non irritant
--------------	--------------

Eye contact	non irritant
-------------	--------------

Ingestion	non irritant
-----------	--------------

12. Ecological Information

Information on ecological effects: biodegradable matter. In case of large spills in the environment, temporary pollution may occur

13. Disposal consideration

Disposal according to local regulations do not drain into the water isolate small spills with absorbent grit

14. Transportation information

Other normal precautions for transport of solid/liquid edible products

15. Regulatory information

Labeling and Classification EC
Symbol(s) EC Not classified according to EEC directives 67/548/EEC 67/548/EEC and 88/379/EEC.

16. other information

Further information no information available

IMPORTANT:
