

Safety Data Sheet

1. PRODUCT AND COMPANY IDENTIFICATION

Name of Product: Crafter's Choice™ Cocoa Powder

Supplier of SDS Information: Crafter's Choice Brands, LLC
7820 E. Pleasant Valley Road
Independence, Ohio 44131
Phone: 1-800-908-7028 - www.Crafters-Choice.com

Emergency Telephone Number: CHEMTEL (800) 255-3924 Domestic USA, Canada, Puerto Rico, and USVI
+1 813 248-0585 International

2. IDENTIFICATION OF HAZARDS

Warnings: Typical odor and flavor, brown or black color. Risk of fire starts around 330F with 1.18 ounces of powder per cubic yard of air.

Routes of Exposure: Eye contact, skin contact, inhalation, or ingestion. Possible Health Effects

Eye contact: Health injuries are not known or expected under normal use. Accidental exposure to the eyes may cause irritation.

Skin contact: Health injuries are not known or expected under normal use.

Inhalation: Health injuries are not known or expected under normal use. Accidental inhalation may cause irritation.

Ingestion: Health injuries are not known or expected under normal use.

3. COMPOSITION

The supplier does not list any ingredients as hazardous according to OSHA 29 CFR 1910.1200.

Primary Component: Carbohydrates

Percentage: 30.0% - 40.0%

Other Components: Fat (cocoa butter), water, mineral, salts, proteins.

4. FIRST AID MEASURES

Eye contact: Rinse abundantly with water or saline solution. Seek medical attention.

Skin contact: Not applicable. If irritation occurs, wear suitable protective gloves.

Inhalation: Move to fresh air. Seek medical attention if symptoms develop or persist.

Ingestion: Not applicable.

5. FIRE FIGHTING MEASURES

Risk of fire and explosion: Risk of fire if exposed to heat or flame. Mixture of air and powder may explode.

Extinguishing media: Dry chemical powder, water, water spray, carbon dioxide(CO₂) For large fires, use water, fog or water hose.

Fire-fighting Considerations: Remove container from area, possibly without risk. Do not spread spilled material with high pressure water jet. Collect water used to extinguish fire for later discard (1993 Emergency Response Guidebook, RPSA P 5800. 6 page 31). Apply cooling water to sides of containers exposed to fire until well after the open flames are extinguished. Use adequate agents for type of fire. Avoid breathing dangerous vapors, maintain proper ventilation.

Protection of firefighters: Firefighters must use standard protective equipment including flame retardant coat, helmet with face shield, gloves, rubber boots, and in enclosed spaces, SCBA.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions: Not applicable.

Environmental precautions: Prevent further leakage or spillage if safe to do so.

Clean-up methods and materials and containment measures: In case of spills, beware of slippery floors and surfaces. Contain spill using sand barriers or other non flammable material. Pick up excess spill with inert absorbant material and place into an appropriate container for future discard. Flush area with warm soapy water. Do not allow material to spill to sewers or manholes. Keep curious people away.

7. HANDLING AND STORAGE

Handling: Use care in handling. Avoid spillage. Avoid release to the environment.

Storage: Observe local regulations when storing product. Store in cool dry place. Keep away from heat and direct sunlight. Keep product away from uncompatible substances. Should not be stored in unsuitable packaging materials such as in direct contact with iron, copper or bronze.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Engineering controls: Provide adequate ventilation. If necessary, melt in hot water bath.

Personal Protective Equipment:

Eye / Face Protection: Not normally needed, but recommended.

Skin Protection: Not normally needed, but recommended.

Respiratory Protection: Not normally needed, but recommended.

General hygiene: Handle in accordance with good industrial hygiene and safety practices.

Considerations:

Exposure Limits: No information.

9. PHYSICAL AND CHEMICAL PROPERTIES

Color: Yellow / Brown / Black

Odor: Typical odor

Physical State: Solid

Aspect: Homogeneous aspect

Flavor: Typical

pH: 5.0 – 8.7

Fat Content: 10% - 22%

Fineness: 99.0% minimum (200 Mesh Screen) Ash: 14.0% maximum

Shell: 1.75% maximum

10. STABILITY AND REACTIVITY INFORMATION

Chemical stability: This is a stable material.

Reactivity: Stable under normal temperature and pressure.

Conditions to avoid: Avoid contact with oxidizing agents, excessive heat, sparks or flames.

11. TOXICOLOGICAL INFORMATION

Sensitization: Product is considered non-toxic.

Chronic effects: Product is considered non-toxic.

Skin corrosion / irritation: Product is considered non-toxic.

12. ECOLOGICAL INFORMATION

Environmental effects: Product is biodegradable.

13. DISPOSAL CONSIDERATIONS

Disposal instructions: Under the US Resource Conservation and Recovery Act (RCRA), it is the responsibility of the user of the product to determine, at the time of disposal, whether the product meets RCRA criteria for hazardous waste. Dispose in accordance with all applicable regulations.

14. TRANSPORT INFORMATION

DOT classification: Product not classified as dangerous for transport on road or rail. Shipped as food stuff, not to be loaded with incompatible materials including poisons.

IMDG classification: Product not classified as dangerous for transport on sea. Shipped as food stuff, not to be loaded with incompatible materials including poisons.

IATA classification: Product not classified as dangerous for transport on air. Shipped as food stuff, not to be loaded with incompatible materials including poisons.

15. REGULATORY INFORMATION

Classification: Product not known to be a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

HMIS: Health Hazard: 0
Fire Hazard: 1
Reactivity: 0
Personal Protection: A

NFPA: Health: 0
Flammability: 1
Reactivity: 0
Specific Hazard:
