

ELEMENTS BATH AND BODY

SAFETY DATA SHEET

Version: 1.0

Revision Date: October 10, 2019

1 Product and Company Identification

Product Identifiers

Product Name : Liquid Colorant: Sapphire Blue
Brand : Elements Bath and Body

Relevant Identified Uses of the Mixture

Identified Uses : General purpose soap and cosmetic colorant

Supplier's Details

Company : Wholesale Supplies Plus
7820 E Pleasant Valley Road
Independence, Ohio 44131

Emergency Telephone

Emergency Telephone : 1-800-255-3924 Domestic USA, Canada, Puerto Rico, and US Virgin Islands
+1-813-248-0585 International

In case of medical emergencies, please contact your local poison control center.

2 Hazards Identification

GHS Classification

This substance/mixture is not hazardous under the criteria of the Federal OSHA Hazard Communication Standard 29 CFR 1910.1200.

GHS Label Elements

Pictogram

Not applicable due to no GHS classification.

Signal Word

Not applicable due to no GHS classification.

Hazard Statements

Not applicable due to no GHS classification.

Precautionary Statements

Not applicable due to no GHS classification.

Other Hazards

No information available.

3 Composition/Information on Ingredients

This product is a complex mixture of ingredients, which contain among others the following substance(s), presenting a health or environmental hazard within the meaning of the UN Globally Harmonized System of Classification and Labelling of Chemicals (GHS)

This mixture does not contain components which contributed to a hazard classification.

4 First Aid Measures

Description of necessary first-aid measures

- In case of eye contact : Flush eyes with plenty of cool water for at least 15 minutes. Remove contact lenses, if present and easy to do so. Seek medical advice/attention.
- In case of skin contact : Flush skin with plenty of water. Remove contaminated clothing and shoes. If irritation persists, consult a physician.
- If swallowed : Do not induce vomiting unless instructed to do so by a physician. Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician.
- If inhaled : If inhaled, move person into fresh air. If not breathing, give artificial respiration. Consult a physician if symptoms are experienced.

Most important symptoms and effects, both acute and delayed

None known.

Indication of any immediate medical attention and special treatment needed.

- Protection of first-aiders : No special precautions are necessary.
-

5 Firefighting Measures

Considered a low flammability risk.

Suitable Extinguishing Media

- Suitable extinguishing media : Use water-spray, alcohol-resistant foam, dry chemical, or carbon dioxide. Tailor extinguishing media to surrounding fire.
- Unsuitable extinguishing media : None known.

Specific hazards arising from the chemical

None known.

Special protective actions for fire fighters

Use self-contained breathing apparatus and full protective gear, if necessary. Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations.

6 Accidental Release Measures

Personal precautions, protective equipment and emergency procedures

Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Wear appropriate protective equipment and clothing during clean-up. Avoid breathing mist or vapor. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing.

Environmental precautions

Water spill: avoid runoff into sewers and ditches which lead to waterways. Land spill: soak up with absorbent. Shovel up and place in a waste container. Dispose according to local/state/national regulations.

Methods and materials for containment and cleaning up

Stop spill at source. Dike area of spill to prevent spreading. Pump liquid to salvage tank. Absorb liquid on solid absorbent material and shovel into containers. Prevent run-off to sewers, streams or other bodies of water. Wash floor with hot soapy water and rinse with hot water to prevent slipping. Dispose according to local/state/national regulations.

7 Handling and Storage

Precautions for safe handling

Use only in an area provided with appropriate exhaust ventilation. Wear personal protective equipment. Do not breathe vapors or spray mist.

Conditions for safe storage, including any incompatibilities

Keep out of reach of children. Keep container tightly closed. Store at room temperature in a dry and well-ventilated space.

8 Exposure Controls/Personal Protection

Control Parameters

| Component | CAS-No. | Exposure Limit | Basis |
|-----------|---------|----------------|-------|
|-----------|---------|----------------|-------|

None as per 29 CFR Part 1910.1200.

Exposure Controls

Appropriate engineering controls

Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.

Personal protective equipment

| | |
|-------------|--|
| Eyes | Safety glasses with side-shields conforming to EN166 use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) to EN166 (EU). |
| Hands | Chemical protective gloves (Nitrile rubber, NBR). Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable guidelines and good laboratory practices. Wash and dry hands. |
| Skin | Impervious clothing. |
| Respiratory | Where risk assessment shows air-purifying respirators are appropriate use a full-face respirator with multi-purpose combination (US) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face supplied air respirator. Use respirator and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU). |

9 Physical and Chemical Properties

Information on basic physical and chemical properties

| | |
|--|-------------------|
| Appearance - Physical State | Liquid |
| Appearance - Color | Characteristic |
| Odor | No data available |
| Odor Threshold | No data available |
| pH | No data available |
| Melting point/freezing point | No data available |
| Initial boiling point and boiling range | No data available |
| Flashpoint | No data available |
| Evaporation rate | No data available |
| Flammability (solid,gas) | No data available |
| Upper/lower flammability or explosive limits | No data available |
| Vapor pressure | No data available |
| Vapor density | No data available |
| Relative density | No data available |
| Solubility | No data available |
| Partition coefficient: n-octanol/water | No data available |
| Auto-ignition temperature | No data available |
| Decomposition temperature | No data available |
| Viscosity | No data available |
| Explosive properties | No data available |
| Oxidizing properties | No data available |

10 Stability and Reactivity

Reactivity

No data available.

Chemical stability

Stable under recommended storage conditions

Possibility of hazardous reactions

No dangerous reaction is known under conditions of normal use.

Conditions to avoid

Strong oxidizing agents.

Incompatible materials

No data available.

Hazardous decomposition products

No data available.

11 Toxicological Information

Information on toxicological effects

Acute toxicity

No data available. This mixture has not been tested as a whole for health effects. The health effects have been calculated using the methods outlined in 29 CFR 1910.1200.

Skin corrosion/irritation

No data available.

Serious eye damage/eye irritation

No data available.

Respiratory or skin sensitization

No data available.

Germ cell mutagenicity

No data available.

Carcinogenicity

This mixture is not considered to be carcinogenic by NTP, IARC, or OSHA.

Reproductive toxicity

No data available.

Specific target organ toxicity – single exposure

No data available.

Specific target organ toxicity – repeated exposure

No data available.

Aspiration hazard

No data available.

Information on likely routes of exposure

eye contact, skin contact

Potential Health Effects

| | |
|------------|---|
| Eyes | Eye irritation |
| Skin | Skin irritation and temporary coloring |
| Ingestion | Injuries are not known or expected under normal use |
| Inhalation | Injuries are not known or expected under normal use |

Signs or Symptoms of Exposure

Eye and/or skin irritation.

12 Ecological Information

Toxicity

No data available. This mixture has not been tested as a whole for health effects. The health effects have been calculated using the methods outlined in 29 CFR 1910.1200.

Persistence and degradability

No data available.

Bioaccumulative potential

No data available.

Mobility in soil

No data available.

Results of PBT and vPvP assessment

PBT/vPvB assessment not available as chemical safety assessment not required/not conducted

Other adverse effects

No data available.

13 Disposal Considerations

Disposal methods

The generation of waste should be avoided or minimized wherever possible. Material should be disposed of in accordance with all local, state, and federal regulations. Regulations vary by region. Avoid release into the soil, sewers, drains, and other waterways.

Contaminated packaging

Waste packaging should be recycled or reused whenever possible. If recycling is not feasible, contaminated packaging should be disposed of in accordance with all local, state, and federal regulations. Regulations vary by region.

14 Transport Information

A chemical safety assessment has not been carried out.

UN Number N/A
UN Proper Shipping Name N/A

Transport hazard class(es)

DOT (US) N/A
IMDG N/A
IATA N/A

Packing Group N/A

Environmental Hazards N/A

15 Regulatory Information

A chemical safety assessment has not been carried out.

TSCA 8(b) Inventory

This material is manufactured for use as a personal care products and is regulated under the Food, Drug, and Cosmetics Act (FDA) and is therefore exempt from TSCA inventory listing requirements.

SARA 311/312 Hazards

None Listed

SARA 313 Components

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

U.S. State Right-to-Know Regulation

California Prop. 65

This product does not meet the reporting requirements and/or does not contain any chemicals known to the State of California to cause cancer, birth, or any other reproductive defects.

16 Other Information

Version 1.0

Revision Date October 10, 2019
