BLACK LEATHER & VETIVER FRAGRANCE OIL

Safety Data Sheet

Printed On: 05/09/2023 Revision Date: 6/1/2021

Page 1 of 5

Section 1: Product Information

1.1 Product Name: Trade Secret Mixture

Trade Name: BLACK LEATHER & VETIVER FRAGRANCE OIL

1.2 Product Use Description: Concentrated Fragrance Blend for use in customer product or substance

1.3 Manufacturer / Company: IndiMade Brands, LLC DBA Wholesale Supplies Plus

Telephone Number: (800) 359-0944

1.4 Email Address: contact@WholesaleSuppliesPlus.com

Emergency Telephone: (800) 255-3924 (International: +1 813-248-0585)

Section 2: Hazard(s) Identification

2.1 Classifications of Substance or

Mixture:

Hazard classifications are based on individual ingredient evaluation in accordance with GHS and other relevant regulations that follow. This product has not been tested as a

whole.

Classification (REGULATION (EC) NO 1272/2008 and HCS 2012)

GHS Hazards:

4 - Acute Toxicity (Oral)

1 - Environmental Hazard Aquatic Acute2 - Environmental Hazard Aquatic Chronic

1B - Sensitization, Skin

3 - Skin Corrosion / Irritation

2.2 Label Elements

Symbols:

Signal Word: Warning

Hazard Statements:

H302 - Harmful if swallowed. H400 - Very toxic to aquatic life.

H411 - Toxic to aquatic life with long lasting effects. H317 - May cause an allergic skin reaction.

H316 - Causes mild skin irritation.

Precautionary Statements:

Prevention

P261 - Avoid breathing dust/fume/gas/mist/vapours/spray

P264 - Wash hands thoroughly after handling

P270 - Do not eat, drink or smoke when using this product

P273 - Avoid release to the environment

Response

P330 - Rinse mouth
P391 - Collect spillage
P317 - Get medical help
P364 - And wash it before reuse

P301+P317 - IF SWALLOWED: Get medical help

P332+P317 - If skin irritation occurs: Get medical advice/attention
P333+P317 - If skin irritation or rash occurs: get medical help
P362+P364 - Take off contaminated clothing and wash it before reuse

Disposal

P501 - Dispose of contents/containers in accordance with local/regional/federal regulations.

2.3 Other Hazards:No Data Available

Section 3: Composition / Information on Ingredients

The specific chemical identities of the ingredients of this mixture are considered to be Trade Secrets and are withheld in accordance with the provisions of S1910.1200 of Title 29 of the Code of Federal Regulations (CFR).

3.1 Substance: Not Applicable

Printed On: 05/09/2023 Revision Date: 6/1/2021

Page 3 of 5

4.1 Description of First Aid Measures

General: If medical advice/attention is needed, have this safety data sheet or label at hand and seek medical advice immediately.

Inhalation: If inhaled, remove to fresh air. Seek medical attention immediately.

Eye Contact: Flush immediately with cold water for at least 15 minutes. Remove contact lenses. Seek medical advice if symptoms persist

or develop.

Skin Contact: Wash affected areas with soap and water. Seek medical advice if symptoms persist or develop. Remove contaminated clothe

Ingestion: Do NOT induce vomiting unless advised by poison control or physician. Never give anything by mouth to an unconscious

person. Seek medical attention immediately. Rinse mouth with water.

4.2 Most important symptoms and effects, both No information available

acute and delayed

4.3 Indication of immediate medical attention No information available

and special treatment needed

Section 5: Fire Fighting Measures

5.1 Extinguishing media: Carbon Dioxide(CO2), Dry chemical or foam. Use as spray only

5.2 Special hazards arising from substance or mixture

-Do not use water on burning material

-Avoid sources of ignition (eg. sparks, open flames, heat) near empty containers

5.3 Advice for firefighters No specific advice

Section 6: Accidental Release Measures

6.1 Personal Precautions, Protective Equipment, and Remove all sources of ignition. Avoid inhalation, skin, and eye contact. Ensure proper ventilation. Emergency Procedures:

6.2 Environmental Precautions: Discharge into the environment must be avoided. Keep out of sewers, drainage areas, or waterways. Report spills and

releases to the appropriate local, state, and federal agencies.

6.3 Methods for containment and cleaning up: Soak with sweeping compound or similar absorbent material. Discard in suitable waste container and dispose in accordance

with regulations. Then wash with detergent and water.

Section 7: Handling and Storage

7.1 Precautions for safe handling: Keep away from sparks, open flames, and excessive temperatures. Avoid contact with skin, eyes, or clothing. Avoid inhalation. Always keep

container tightly closed and labeled. Avoid eating, drinking, and smoking near areas where material is stored or handled. Wear appropriate gloves,

eye, and face protection. Follow good personal hygiene.

7.2 Precautions for safe storage, including any Store in a cool, dry area with adequate ventilation. Keep container tightly closed when not in use.

incompatibilities:

Empty container handling: Empty containers should be completely drained, properly closed and returned to a drum or container disposal service. Do

not reuse or alter containers in any way.

7.3 Specific end uses: No Information Available

Section 8: Exposure Control / Personal Protection

8.1 Control Parameters Not established

8.2 Exposure Controls Avoid high temperatures while processing.

Engineering Controls Appropriate ventilation is required where product is handled and used.

Environmental Exposure Controls Minimize environmental release.

Personal Protective Equipment

Respiratory protection: Respirators should be selected based on the form and concentration of contaminant in air and in accordance with OSHA (29

CFR 1910.134). Usually not required.

Protective clothing: When contact is likely, wear protective gloves and clothing. Eye protection: Use goggles or face shield when eye contact might occur.

HMIS PPE Code: B (Safety glasses, gloves)
Occupational exposure limits: Have not been established

Section 9: Physical and Chemical Properties

9.1 Information on basic physical and chemical properties

Physical State: Liquid
Color (Gardner Scale): YELLOW
Odor: To match target
Odor Threshold: No Data Available
pH value @ 20 C: No Data Available

Vapor Pressure (mm Hg @ 20 C): 0.012
Specific Gravity: 0.989
Relative Vapor Density (air = 1): > 1
Solubility in Water: NO

Viscosity: No Data Available

Flashpoint (TCCC): 212 F

Melting Point/Freezing Point: No Data Available
Boiling Point: No Data Available

Revision Date: 6/1/2021

Printed On: 05/09/2023

Page 4 of 5

Volatile Organic Compound Percentage: 1.11

Evaporation Rate: No Data Available Partition Coefficient: n-octanol/water : No Data Available

Lower Explosion Limit: Product does not present an explosion hazard Upper Explosion Limit: Product does not present an explosion hazard

Auto-ignition Temperature: Product is not self igniting Decomposition Temperature: No Data Available

Hydrocarbon Content: 1.93%

9.2 Other Safety Information: None

Section 10: Stability and Reactivity

10.1 Reactivity: Will not react violently with water.

Stable under normal temperature conditions (65-85 degrees F) and recommended use.

10.2 Chemical Stability: Presents no significant reactivity hazard.

10.3 Possibility of Hazardous Reactions: None known.

10.4 Conditions to Avoid: Avoid sources of ignition.

Avoid extremes of temperature, direct sunlight, and temperatures close to flashpoint.

10.5 Incompatible Materials: Avoid contact with strong acids, alkalis, or oxidizing agents.

10.6 Hazardous Decomposition Products: None known.

Section 11: Toxicological Effects

11.1 Information on Toxicological effects

This mixture has not been subjected to toxicological testing as a whole. The available data on the raw materials has been used to establish the health classification.

Acute Toxicity Estimates for individual ingredients has been used, where appropriate.

Acute Toxicity – Oral – Calculated LD50 Harmful if swallowed.

Acute Toxicity – Dermal – Calculated LD50 not applicable - the classification criteria has not been met Acute Toxicity – Inhalation – Calculated LC50 not applicable - the classification criteria has not been met

Skin Corrosion/irritation Causes mild skin irritation.

Serious Eye Damage/irritation not applicable - the classification criteria has not been met

Respiratory or Skin Sensitization May cause an allergic skin reaction.

Germ Cell Mutagenicity

Carcinogenicity

Reproductive Toxicity

Specific Target Organ Toxicity – Single

not applicable - the classification criteria has not been met not applicable - the classification criteria has not been met not applicable - the classification criteria has not been met not applicable - the classification criteria has not been met not applicable - the classification criteria has not been met

Exposure

Specific Target Organ Toxicity – Repeated not applicable - the classification criteria has not been met

Exposure

Aspiration Hazard not applicable - the classification criteria has not been met

See Section 2 for additional health hazards

Section 12: Ecological Information

12.1 Toxicity

This mixture has not been subjected to environmental toxicologic testing as a whole. The available data on the raw materials has been used to establish the environmental classification.

Environmental Hazard Aquatic (Acute) Very toxic to aquatic life.

Environmental Hazard Aquatic (Chronic) Toxic to aquatic life with long lasting effects.

 12.2 Persistence and Degradability:
 No Data Available

 12.3 Bioaccumulative Potential:
 No Data Available

 12.4 Mobility in Soil:
 No Data Available

 12.5 Other Adverse Effects
 No Data Available

Discharge into the environment must be avoided. Keep out of sewers, drainage areas, or waterways. Report spills and releases to the appropriate local, state, and federal

agencies.

Section 13: Disposal Considerations

13.1 Waste Treatment Methods

Product: Discharge into the environment must be avoided.

Keep out of sewers, drainage areas, or waterways. Dispose according to local, state, and federal regulations. Handle per instructions under sections 6 thru 8.

Packing: Dispose according to local, state, and federal regulations.

Section 14: Transportation Information

Harmonized Tariff Code: 3302.90.10.10

Proper Shipping Names

49CFR/ADR/RID (bulk) UN3082, Environmentally Hazardous Substance, Liquid NOS (BENZYL BENZOATE), 9, III

49CFR/ADR/RID (non bulk) Not Considered Hazardous IATA/IMDG (< 5L) Not Considered Hazardous

IATA/IMDG (> 5L) UN3082, Environmentally Hazardous Substance, Liquid NOS (BENZYL BENZOATE), 9, III

Section 16: Other Information

The information provided by IndiMade Brands, LLC in this Safety Data Sheet was written to the best of our knowledge, information, and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal, and release and is not intended to be considered a warranty or quality specification. It is the responsibility of the user to review all safety information about this product and determine its safety and suitability in their own processes and operations. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text. Appropriate warnings and safe handling procedures should be provided to all handlers and users. IndiMade Brands, LLC shall not be held liable for any damage resulting from handling or from contact with the above product.

^{*}The aforementioned lists are subject to minimum quantity reporting thresholds, facility qualifications, and other factors that influence whether or not EPA reporting is necessary. The information above is given so that receiving parties can make the appropriate judgement on whether or not to report.
