General: If medical advice/attention is needed, have this safety data sheet or label at hand and seek medical advice immediately.

Inhalation: If inhaled, remove to fresh air. Seek medical attention immediately.

Eye Contact: Flush immediately with cold water for at least 15 minutes. Remove contact lenses. Seek medical advice if symptoms persist

or develop.

Skin Contact: Wash affected areas with soap and water. Seek medical advice if symptoms persist or develop. Remove contaminated clothe

Ingestion: Do NOT induce vomiting unless advised by poison control or physician. Never give anything by mouth to an unconscious

person. Seek medical attention immediately. Rinse mouth with water.

Discharge into the environment must be avoided. Keep out of sewers, drainage areas, or waterways. Report spills and

releases to the appropriate local, state, and federal agencies.

6.3 Methods for containment and cleaning up:

Soak with sweeping compound or similar absorbent material. Discard in suitable waste container and dispose in accordance

with regulations. Then wash with detergent and water.

Section 7: Handling and Storage

Keep away from sparks, open flames, and excessive temperatures. Avoid contact with skin, eyes, or clothing. Avoid inhalation. Always keep 7.1 Precautions for safe handling:

container tightly closed and labeled. Avoid eating, drinking, and smoking near areas where material is stored or handled. Wear appropriate gloves,

eye, and face protection. Follow good personal hygiene

7.2 Precautions for safe storage, including any Store in a cool, dry area with adequate ventilation. Keep container tightly closed when not in use.

incompatibilities:

Empty containers should be completely drained, properly closed and returned to a drum or container disposal service. Do Empty container handling:

not reuse or alter containers in any way.
