otio	A. First Aid Measures		

### **Section 4: First Aid Measures**

4.1	Description of First Aid Measures	
	General:	If medical advice/attention is needed, have this safety data sheet or label at hand and seek medical advice immediately.
	Inhalation:	If inhaled, remove to fresh air. Seek medical attention immediately.
	Eye Contact:	Flush immediately with cold water for at least 15 minutes. Remove contact lenses. Seek medical advice if symptoms persist or develop.
	Skin Contact:	Wash affected areas with soap and water. Seek medical advice if symptoms persist or develop. Remove contaminated clothe
	Ingestion:	Do NOT induce vomiting unless advised by poison control or physician. Never give anything by mouth to an unconscious person. Seek medical attention immediately. Rinse mouth with water.
4.2	Most important symptoms and effects, bo	th No information available

4.2 Most important symptoms and effects, both No information available

- acute and delayed
- 4.3 Indication of immediate medical attention No information available and special treatment needed

### Section 5: Fire Fighting Measures

5.1 Extinguishing media: Carbon Dioxide(CO2), Dry chemical or foam. Use as spray only

5.2 Special hazards arising from substance or mixture

-Do not use water on burning material -Avoid sources of ignition (eg. sparks, open flames, heat) near empty containers

# Safety Data Sheet

5.3	Advice for firefighters	No specific advice
	ction 6: Accidental Release Me	
	Personal Precautions, Protective Equipment, and Emergency Procedures:	Remove all sources of ignition. Avoid inhalation, skin, and eye contact. Ensure proper ventilation.
6.2	Environmental Precautions:	Discharge into the environment must be avoided. Keep out of sewers, drainage areas, or waterways. Report spills and releases to the appropriate local, state, and federal agencies.
6.3	Methods for containment and cleaning up:	Soak with sweeping compound or similar absorbent material. Discard in suitable waste container and dispose in accordance with regulations. Then wash with detergent and water.
Se	ction 7: Handling and Storage	
	Precautions for safe handling:	Keep away from sparks, open flames, and excessive temperatures. Avoid contact with skin, eyes, or clothing. Avoid inhalation. Always keep container tightly closed and labeled. Avoid eating, drinking, and smoking near areas where material is stored or handled. Wear appropriate gloves, eye, and face protection. Follow good personal hygiene.
7.2	Precautions for safe storage, including any incompatibilities:	Store in a cool, dry area with adequate ventilation. Keep container tightly closed when not in use.
	Empty container handling:	Empty containers should be completely drained, properly closed and returned to a drum or container disposal service. Do not reuse or alter containers in any way.
7.3	Specific end uses:	No Information Available
Se	ction 8: Exposure Control / Pe	rsonal Protection
8.1	Control Parameters	Not established
8.2	Exposure Controls	Avoid high temperatures while processing.
	Engineering Controls	Appropriate ventilation is required where product is handled and used.
	Environmental Exposure Controls	Minimize environmental release.
	Personal Protective Equipment	
	Respiratory protection:	Respirators should be selected based on the form and concentration of contaminant in air and in accordance with OSHA (29 CFR 1910.134). Usually not required.
	Protective clothing:	When contact is likely, wear protective gloves and clothing.
	Eye protection:	Use goggles or face shield when eye contact might occur.
	HMIS PPE Code:	B (Safety glasses, gloves)
	Occupational exposure limits:	Have not been established
	ction 9: Physical and Chemica	
9.1	Information on basic physical and chen	
	Physical State:	Liquid
	Color (Gardner Scale):	YELLOW
	Odor:	To match target
	Odor Threshold:	No Data Available
	pH value @ 20°C :	No Data Available
	Vapor Pressure (mm Hg @ 20°C) :	0.069
	Specific Gravity : Relative Vapor Density (air = 1):	0.942 > 1
	Solubility in Water:	NO
	Viscosity:	No Data Available
	Flashpoint (TCCC):	212 F
	Melting Point/Freezing Point:	No Data Available
	Boiling Point:	No Data Available
	Volatile Organic Compound Percentage:	2.34
	Evaporation Rate:	No Data Available
	Partition Coefficient: n-octanol/water :	No Data Available
	Lower Explosion Limit:	Product does not present an explosion hazard
	Upper Explosion Limit:	Product does not present an explosion hazard
	Auto-ignition Temperature:	Product is not self igniting
	Decomposition Temperature:	No Data Available
92	Hydrocarbon Content: Other Safety Information:	1.88% None
	ction 10: Stability and Reactivi	
<b>3e</b> 10.1	Reactivity:	Will not react violently with water.
	Nouolivity.	Stable under normal temperature conditions (65-85 degrees F) and recommended use.
	Chemical Stability:	Presents no significant reactivity hazard.
	Possibility of Hazardous Reactions:	None known.
10.4	Conditions to Avoid:	Avoid sources of ignition.
10.5	Incompatible Materials:	Avoid extremes of temperature, direct sunlight, and temperatures close to flashpoint. Avoid contact with strong acids, alkalis, or oxidizing agents.

# Safety Data Sheet

10.6 Hazardous Decomposition Products:	None known.
Section 11: Toxicological Effects	;
11.1 Information on Toxicological effects	
	logical testing as a whole. The available data on the raw materials has been used to establish the health classification.
Acute Toxicity Estimates for individual ingredi	
Acute Toxicity – Oral – Calculated LD50	not applicable - the classification criteria has not been met
Acute Toxicity – Dermal – Calculated LD50	not applicable - the classification criteria has not been met
-	) not applicable - the classification criteria has not been met
Skin Corrosion/irritation	Causes mild skin irritation.
Serious Eye Damage/irritation	Causes serious eye irritation.
Respiratory or Skin Sensitization	May cause an allergic skin reaction.
Germ Cell Mutagenicity	not applicable - the classification criteria has not been met
Carcinogenicity	not applicable - the classification criteria has not been met
Reproductive Toxicity	not applicable - the classification criteria has not been met
Specific Target Organ Toxicity – Single	not applicable - the classification criteria has not been met
Exposure Specific Target Organ Toxicity – Repeated	not applicable - the classification criteria has not been met
Exposure	and and the black of the first of the second base and
Aspiration Hazard	not applicable - the classification criteria has not been met
See Section 2 for additional health hazards	
Section 12: Ecological Information	on and a second s
12.1 Toxicity	
	ental toxicologic testing as a whole. The available data on the raw materials has been used to establish the environmental classification
Environmental Hazard Aquatic (Acute)	Toxic to aquatic life.
Environmental Hazard Aquatic (Chronic)	Harmful to aquatic life with long lasting effects.
12.2 Persistence and Degradability:	No Data Available
12.3 Bioaccumulative Potential:	No Data Available
12.4 Mobility in Soil:	No Data Available
12.5 Other Adverse Effects	No Data Available
	ded. Keep out of sewers, drainage areas, or waterways. Report spills and releases to the appropriate local, state, and federal
agencies.	
Section 13: Disposal Considerati	ons
13.1 Waste Treatment Methods	
Product:	Discharge into the environment must be avoided.
	Keep out of sewers, drainage areas, or waterways.
	Dispose according to local, state, and federal regulations. Handle per instructions under sections 6 thru 8.
Packing:	Dispose according to local, state, and federal regulations.
Section 14: Transportation Inform	
Harmonized Tariff Code:	3302.90.10.10
Proper Shipping Names	3302.30.10.10
49CFR/ADR/RID/IATA/IMDG	Not Considered Hazardous
Section 15: Regulatory Informati	on
California Proposition 65 List:	
	BETA MYRCENE (indirect from natural food sources) 0.0346% (CAS: 123-35-3)
The listed materials that have been determined to o	come from a natural food source qualify for the Natural Food Source labeling exemption stated in 27 CCR § 25501 (a) & (b)
The Comprehensive Environmental Response,	
Compensation, and Liability Act (CERCLA):	Nasa Kasura
	None Known
Superfund Amendments and Reauthorization Act –	
section 313 (SARA 313) /Emergency Planning and Community Right-to-	
Know Act sections 302 & 304 (EPCRA):	
	None Known
Toxic Release Inventory (TRI):	None Known
Clean Air Act section 112 (r) (CAA)	
Clean Air Act – section 112 (r) (CAA) :	None Known

\*The aforementioned lists are subject to minimum quantity reporting thresholds, facility qualifications, and other factors that influence whether or not EPA reporting is necessary. The information above is given so that receiving parties can make the appropriate judgement on whether or not to report.

#### Section 16: Other Information

The information provided by IndiMade Brands, LLC in this Safety Data Sheet was written to the best of our knowledge, information, and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal, and release and is not intended to be considered a warranty or quality specification. It is the responsibility of the user to review all safety information about this product and determine its safety and suitability in their own processes and operations. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text. Appropriate warnings and safe handling procedures should be provided to all handlers and users. IndiMade Brands, LLC shall not be held liable for any damage resulting from handling or from contact with the above product.
