\* Any ingredient at >0.001% in leave-on product must be included on the Finished Product ingredients list.

\* Any ingredient at >0.01% in rinse-off product must be included on the Finished Product ingredients list.

The Maximum Allowable Concentration (MAC) for allergens in fragrances are represented as \*\* and all quantities are on a percent (%) by weight basis.

The above values are calculated predictions utilizing the highest concentrations expected, from the development of ranges based on both industry standards and the national regulatory authorities. As such, it is not uncommon for concentrations to be lower than stated, due to natural variations inherent with Essential Oils.
