

Certificate of Compliance

Product Identity:

Crafter's Choice Summer Honey Fragrance Oil - Certified 100% Natural

Subject:

Composition of Natural vs. Synthetic

To Whom it May Concern:

The above mentioned product is considered an All Natural Fragrance Blend consisting entirely of Essential Oils and Resins and Naturally Derived Aroma Chemicals. It does contain the following essential oils and resins, with a total concentration of no less than 96.1%, by weight:

Essential Oils and Resins:

Glycine soja (Soybean) oil

Please do not hesitate to contact me should you have any further questions.

Sincerely,

Deborah May
President & CEO
Manager of Quality Control

* If Glycine soja (Soybean) oil is listed in this formulation, it has been extracted via cold pressed methods. Due to the method of processing the soybean fruit, this oil meets the definition of an essential oil. It is pure, natural, unadulterated and does not contain solvents.
